

SQAS LOGO GUIDELINES

- Each file has been designed to allow it to be resized as required.
- Generally a .jpeg file will be suitable for most situations and is used where a white background exists. e.g. on letterheads, agenda, other paperwork, websites, social media or in newsletters etc.
- Please note the background for .eps files are 'clear' and are for use by professionals such as a printer, shirt manufacturer, web manager etc. where any suitable background colour can be used by the professional.
- The black and grey logo can be used for scoresheets in conjunction with your club logo.
- Please select a logo which will complement your background colour.

A border is NOT to be placed around the SQAS Logo.
