

SQAS POLICY

Overall Champions

Introduction

Each year SQAS awards Overall Champions for male and female archers, for the Recurve and Compound divisions.

Policy

The Overall Champion shall be determined on the basis of the accumulation of points over the SQAS championship events, Target, Short Range, Field, Clout and Indoor.

Placing Points shall be allocated 3 points for 1st place, 2 points for 2nd, 1 point for 3rd.

In the event of an archer shooting all 5 Championships the best 4 Placing Points shall be counted.

In the event of a tie in the accumulated Placing Points the championship score for the SQAS Target Championships shall decide the overall champion.

To be eligible for award of Overall Champion 4 of the 5 Championship events must be competed in including the Target event; though Placing Points do not have to be achieved in all events.
