

South Queensland Archery Society Championships Policy

Overall Champions

Introduction

Each year SQAS awards Overall Champions for male and female archers for the Recurve, Compound (including Para & VI) and Longbow divisions.

Policy

The Overall Champion for each bow type and division shall be determined on the basis of the accumulation of points over the SQAS championship events – Target, Short Range, Field, Clout and Indoor in a calendar year.

Placing points shall be allocated on the following basis:

- 3 points for 1st place
- 2 points for 2nd place
- 1 point for 3rd place.

In the event of an archer shooting all 5 championships the best 4 placing points shall be counted.

In the event of a tie in the accumulated placing points the championship score for the SQAS Target Championships shall decide the overall champion.

To be eligible for the award of Overall Champion, 4 of the 5 Championship events must be competed in including the Target event although placing points do not have to be achieved in all events.

Should any Championship event be cancelled, the SQAS Committee shall determine the number events required for Overall Champions to be awarded.

Medals

Policy

SQAS medals (Gold, Silver or Bronze) shall be presented to SQAS members for all bow types and divisions irrespective of the number of archers in each division for each SQAS Championship event.

SQAS Visitor medals will be presented to non SQAS members who place in 1st, 2nd or 3rd along with a SQAS member medal to the highest placed SQAS member in each division.

Where SQAS Championship events are held over several days, an archer does not have to complete on all days to be eligible to receive a medal should their score still place them in 1st, 2nd or 3rd position overall.
